

Analyst

Sahel Consulting Agriculture and Nutrition Ltd (Sahel) is a leading management consulting firm focused on the agricultural and nutrition sectors in Africa. We partner with government agencies, private sector actors, and leading international development organizations to research, analyze policies, develop strategies, and implement programs that promote sustainable food security and improved nutrition. We work on various projects across Africa, including Benin, Burkina Faso, Ghana, Kenya, Nigeria, Senegal, Sierra Leone, and Tanzania.

Job Title: Analyst

Job Type: Full Time

Closing Date: Open until filled.

Overview: Our team is seeking an analyst with keen interest in agriculture. As an Analyst, you will have the chance to work on various projects spanning the public, private, and social sectors and value chains. We are looking for someone enthusiastic about making impact in the agriculture and nutrition fields. If you are highly motivated, skilled, and eager to take on challenging and meaningful work, we encourage you to apply for this exciting opportunity to join our team

Job Description: In this role, you will fulfill the following primary responsibilities:

- Research the national and international markets, industries, and companies to identify trends and opportunities to inform program implementation and track results.
- Prepare presentations, reports, and other materials summarizing research and analyses and developing recommendations for program implementation
- Communicate findings and recommendations to the program management office clearly and concisely.
- Create a complete bibliography and contacts list of all research information sources.
- Support the program teams with work required to deliver high-quality final reports to clients.
- Work independently but as part of a broader team of Sahel Consulting and its implementing partners.
- Support senior management on other Sahel Consulting initiatives as requested

Minimum Qualifications & Requirements: We are looking for candidates with passion for agriculture that are driven and self-starters. Below are the essential qualifications we are looking for:

- Bachelor's or master's in business, Finance, Economics, Agriculture, or related discipline
- Minimum of 2-4 years of Experience
- High-quality analytical, quantitative, and problem-solving skills
- Exceptional interpersonal and communication skills (both written and verbal)
- Willingness to travel (required)
- Ability to work effectively in a fast-paced, team-oriented environment
- Demonstrated ability to handle multiple projects simultaneously and meet tight deadlines

Sahel Consulting Agriculture and Nutrition Limited (RC 922927)
