

Monitoring and Evaluation Analyst

Sahel Consulting Agriculture and Nutrition Ltd (Sahel) is a leading management consulting firm focused on the agricultural and nutrition sectors in Africa. We partner with government agencies, private sector companies and leading international development organizations to conduct research, analyze policies, develop strategies, and implement programs that promote sustainable food security and improved nutrition. We have worked on a variety of projects across West Africa, including in Benin, Burkina Faso, Ghana, Mali, Nigeria, and Senegal.

Overview: The M&E Analyst position is for early-stage practitioners with a passion for the growth of Africa and, interested in getting to be exposed to a variety of projects in the agriculture sector. There are opportunities to work with clients across the public, private and social sector and across multiple value chains to make a tangible impact to the agriculture and nutrition sector in Africa.

Job Title: Monitoring & Evaluation Analyst

Job Type: Full-Time

Closing date: Open till filled.

Duties and Responsibilities

Under the supervision of the Manager for Monitoring and Evaluation, the M&E Analyst will contribute to activities related to the M&E components of the ALDDN program. In particular, the incumbent will:

- Conduct market, industry and company research related to proposals and projects for Sahel Consulting's clients.
- Perform quantitative and qualitative analysis with data gathered during the project.
- Prepare PowerPoint and Word reports summarizing research and analyses and developing recommendations for the client.
- Create complete bibliography and contacts list of all sources of research information.
- Support Sahel Capital with work required to deliver a high-quality final report to its client(s).
- Work independently, but as part of a broader team of Sahel Consulting consultants.
- Support senior management on other Sahel Consulting initiatives as requested

Minimum Qualifications & Requirements: We are looking for candidates that are humble and passionate about the growth of Africa. Below are key qualifications we are looking for:

- Bachelors or master's in agriculture, Business, Economics, Computer Science, Mathematics, Statistics or any related discipline
- High-quality analytical and problem-solving skills
- Exceptional interpersonal and communication skills (both written and verbal)
- Willingness to travel (required)
- Ability to speak Hausa is an added advantage
- Ability to gather and analyze data.

Position based: Abuja, with occasional travels across Nigeria

Method of Application: Qualified and interested applicants should forward their CVs to recruiting@sahelcp.com with M&E Analyst as the subject of the mail. Only shortlisted candidates will be contacted.

Sahel is an Equal Opportunity Employer.
